**RE: Duke Energy Progress, LLC - Notification of Modification to the Multi-Family Energy Efficiency Program
Docket No. 2015-163-E**

Dear Ms. Boyd:

In accordance with the Commission Order No. 2015-596 issued August 19, 2015, in Docket No. 2015-163-E, Duke Energy Progress, LLC (“Company”) hereby submits for informational purposes only, notification that the Company will replace the use of Compact Fluorescent Lights (“CFL”) with Lighting Emitting Diodes (“LED”) in the Multi-Family Energy Efficiency Program, initially approved by Order No. 2014-953 in Docket No. 2014-419-E, beginning January 1st, 2017. The aforementioned modification results in program variations below the thresholds established in Order No. 2015-596 and therefore do not require formal Commission approval.

Please contact me if you have any questions.

Very truly yours,

ROBINSON, MCFADDEN & MOORE, P.C.

Bonnie D. Shealy
